

LOONEY SUES 34 RAILROADS

Austin, Texas, Oct. 14.—The attorney general's department today filed suit against thirty-four railroads of the state asking judgment against each and all requiring them to obey the rules and regulations prescribed by statute and by the railroad commission with respect to the transportation of freight in intrastate commerce, and furthermore, prohibiting and restraining them from applying other or higher rates to such freight traffic than are prescribed by the railroad commission and now in force. In the event the railroads mentioned participate in tariff number 2 and "shall have put into effect or carried out directly or indirectly the illegal combination and agreement herein alleged with respect to Intrastate freight traffic" the attorney general asks charter forfeiture. The attorney general further asks perpetual injunction against the roads restraining them from carrying out directly or indirectly the schedule of rates.

The injunction is set for hearing on Oct. 19 before Judge Geo. Calhoun of the Fifty-third District Court.

MODEL SQUEEZED IN CORSET; MEN SQUEEZED IN JAM

New York, Oct. 14.—The men who jammed about one of the feature exhibits at the Electrical Exposition at Grand Central Palace were terribly disappointed today.

On a raised platform Miss Grace Marshall, garbed in an entrancing corset and diaphanous petticoat, stood, proving to the world that no art of man could make her look any better. However, she was the model on which silks from electrically driven looms were to be draped, without the use of pins. So R. H. Levie went on with his draping.

The crowd grew, and by the time Miss Marshall was completely draped it had assumed crushing proportions. Every time Levie explained the silk wasn't pinned on, more men crowded about, hoping. They hoped so hard the railing crashed in and firemen had to be called to drive the crowd away. Nothing slipped.

ODDS AGAINST WILSON VICTORY HAVE TIGHTENED

New York, Oct. 14.—Wall street odds against President Wilson's reelection have tightened.

Betting commissioners report plenty of Wilson money to be put on the short end of 2 to 1 bets.

Hughes bettors are holding out for 8 to 5 odds.

A single wager of \$5,000 to \$10,000 was offered against Hughes, but refused. A Hughes backer countered with an offer of \$20,000 at 8 to 5.

WOMAN SHOTS DAUGHTER; THEN WOUNDS SELF

Springfield, Ill., Oct. 14.—Mrs. Amanda Bentz, wife of a local saloonkeeper, shot and seriously wounded her daughter and then turned the weapon on herself. Both have slight chance for recovery.

Mrs. Bentz had been in a local hospital for several months because of nervous trouble.

EXPLORER'S WIFE WILL ACCOMPANY HIM ON VOYAGE

Newport, R. I., Oct. 14.—Unexplored jungles enmeshing the Amazon River hold no terrors for Mrs. A. Hamilton Rice, who is expected to sail from here today with her husband, Dr. A. Hamilton Rice, the South American explorer, for a voyage into the unknown upper reaches of the greatest river in the world.

Mr. Rice, formerly Mrs. George D. Widener, a Philadelphia society leader, was saved when her husband went down with the "Titanic." Dr. and Mrs. Rice, with three members of the London Geographical Society, which is financing the expedition, embark on the steam yacht Alberta, once owned by King Leopold II. of Belgium and presented to Dr. Rice by the Baroness Vaughan.

Dr. Rice is a Harvard graduate. Mrs. Rice is the daughter of the late William L. Elkins of Pennsylvania.

SINCLAIR MAY PURCHASE THE BROOKLYN TEAM

New York, Oct. 14.—Harry Sinclair, former Federal League "angel," is the man behind the works in the proposed purchase of Charles H. Ebbets' Brooklyn Dodgers, it is reported.

The deal is being attempted through James Gaffney of Boston Braves fame. When he asked Ebbets in Brooklyn during the world series if he'd take "a fair price for his club" it became known today Gaffney had the backing of Sinclair. Ebbets at the time said he would talk with Gaffney later. The two are expected to get together shortly.

BROOKLYN CLUB WILL GIVE BACK \$50,000

Brooklyn, N. Y., Oct. 14.—The Brooklyn National League club today announced it will begin Monday to turn back about \$50,000, which reached its coffers through the sale of world series tickets for the sixth game, which was to have been played at Ebbets Field.

Wilson Suffragets In West Taunt Eastern Sisters

Portland, Ore., Oct. 14.—A big crowd of Democratic women greeted the women from the Hughes campaign special when the latter left the train at the union station today, shouting, "We Want Wilson."

When the visitors first stepped to the platform a cheer for Hughes and a band started. The women drowned the Hughes' supporters and the band with their cries for Wilson.

Police estimated the women outnumbered the Hughes supporters 3 to 1. As the Hughes supporters marched up the street the women followed along the sides of the line of march, shouting for Wilson. One party of women carried a banner which read:

"Which goose laid the Hughes Golden Egg Special? Was it Mrs. Belmont or Mrs. Smelter Trust Guggenheim?"

TO DECIDE MONDAY ON VENUE CHANGE PLEA FOR WATSON

Waco, Oct. 14.—When court adjourned at noon today Judge R. I. Munroe announced that he would decide next Monday whether a change of venue will be granted in the T. R. Watson murder case. The special venire of 150 men, summoned for the case, has been excused until Tuesday morning.

Since Tuesday of this week a hearing has been in progress here to determine whether the defendant is so great as to militate against him securing a fair and impartial hearing. Scores of men, both from Waco and the rural precincts of McLennan county, have been called to the witness stand, and the major portion of these have testified that they believed the defendant guilty, based on what they have heard and read of the case, so far as it had gone, but nearly every one has expressed the belief that a fair and impartial jury could be had in the county.

SHERMAN CIVIC LEAGUE PLANS WINTER WORK

Sherman, Texas, Oct. 14.—The Sherman Civic League will hold fall and winter meetings each week from this time on. Mrs. Lee Woods has been elected secretary and Mrs. C. C. Mayhew treasurer.

Mrs. J. C. Pyle, the president, was elected delegate to the state meeting to be held here Nov. 13 to 17 and Mrs. J. H. Wood is alternate.

PEACE TALK IS MADE IN GERMAN REICHSTAG

Berlin, Oct. 14.—"The chances for peace at this time are small. Our enemies want no permanent peace before the annihilation of Germany. Unrestricted submarine warfare will not hasten peace, but will further prolong the war."

The foregoing announcement was made by Herr David, Socialist leader, in a speech in the Reichstag.

Mr. David said peace would come as soon as Germany's enemies understood that it was impossible to annihilate her.

TEUTONS STOPPED IN THEIR DRIVE

London, Oct. 14.—The Rumanians halted the attempted Austro-German invasion south of Red Tower pass and drove the Teutons back some distance.

On the eastern frontier the Germans stopped on the Rumanian northern wing were thrown back some distance.

King Constantine told a diplomat, according to an Athens dispatch, that he was convinced the Germans would overrun Rumania in about 15 days, and he feared Greece would meet a like fate.

STORM WARNING FOR SHIPS IN THE GULF

Washington, Oct. 14.—Hurricane warnings to shipping in the Gulf of Mexico were sent out today by the weather bureau. The storm, which is believed to be the one which swept over the Danish West Indies early in the week, was today reported moving toward the Yucatan channel in the path of shipping.

The disturbance was central this morning in the immediate vicinity of Swan Island, where a barometer reading of 29.20 inches was recorded with winds of hurricane force.

Reports to the weather bureau indicate the storm is moving west-northeast or northwest toward the Yucatan peninsula or channel.

LITTLE GIRL'S PLEA FOR HER DADDY WINS

Milwaukee, Wis., Oct. 14.—"Let out our dearest papa and God will bless you and keep you healthy and give you a long life. I will be 10 on my birthday, Oct. 19."

Thus read part of an appeal from little Olga Gerstenberger to Judge A. C. Backus of the municipal court who six months ago sentenced the child's father to two years in the house of correction for wife abandonment.

The judge said he read the little girl's letter to his family and then asked his young son whose birthday falls on the same date what he wanted for a present and he said:

"Give the little girl her dad back and you won't have to give me anything."

The judge issued an order for a new trial.

ONE-COW MAN IS TICK'S BEST FRIEND

Fort Worth, Oct. 14.—Bossie, the family cow, is charged with retarding tick eradication in Texas. This is the opinion of tick experts.

The delegation, composed of cattlemen of Tarrant county, appeared before the county commissioners yesterday and asked that before an election is ordered an educational campaign be undertaken.

"We find," said the spokesman of the delegation, "that the greatest opposition to eradication work comes from the man who owns only one cow; but he has the same power at the polls as the man who owns a thousand. If we can show these people the advantage to be derived from the eradication of the tick, we feel sure we can win the election."

BELIEVE SUB U-53 AWAITS BIGGER GAME

Washington, Oct. 14.—The German submarine U-53 and any other submersible that possibly may be with her still remain a menace to shipping from Maine to the Florida coast. It was admitted in United States naval circles today.

The submarine's inactivity for the past week has not lulled naval officers into any false hopes, they said. They believe, on the other hand, that she may be hiding to wait for "big game," such as a munitions ship of great tonnage or possibly a Canadian transport.

WOOD SHORTAGE AT CORPUS CHRISTI FEARED

Corpus Christi, Tex., Oct. 14.—Because of the demands of troops stationed here, Corpus Christi is threatened with a wood shortage. San Antonio also is suffering from the same condition, it is understood.

An immense amount of fire wood is called for by government contracts which have been let to men in the vicinity of this city for supplying the Texas brigade at Camp Scurry. The first order was for 300 cords and the second for 500 cords. The delivery of several thousand more cords to the camp kitchen for the coming cool weather are called for in the contracts.

FIVE DISHES OF CHILI; AMBULANCE IS CALLED

Dallas, Oct. 14.—The raise in the price of chili did not affect the mind of a visitor who came yesterday to see the fair, but it did affect his stomach.

He ate five dishes, paying the enormous sum of 15c a dish at a local restaurant last night. A few minutes after he had finished the last plate the city ambulance had to be called. A stomach pump at the Emergency Hospital relieved him.

WILL NEVER CONSENT TO EVACUATION OF BELGIUM

Berlin, Oct. 14.—German Socialists, back from the horrors of the trenches, will never consent to the evacuation of French and Belgian territory for which they paid the price in blood, the Socialist newspaper Die Glocke declares.

Die Glocke disagrees with Philip Scheidemann, Socialist leader, who declared in a Reichstag speech that France could see her soil and that of Belgium freed now of German soldiers without shedding another drop of blood if she would consent to peace. The newspaper reminds Scheidemann that Socialist soldiers are not apt to be moved by theoretical international Socialistic ideas.

GERMANS SAY MILLION DEAD

Berlin, Oct. 14.—British and French divisions with a total of more than one million men, have been virtually annihilated in the Somme battle, says the military critic of the Overseas News Agency. According to figures from various sources, as given by the news agency, the Russian losses from June 1 to Oct. 2 were about 1,000,000 men.

In speaking of the troops lost in the fighting the report said:

"These divisions disappeared completely from battle. Fifty-five divisions in consequence of their great losses were able to engage in combat only twice, fifteen divisions three times, and only one was able to engage in combat four times. Four divisions had suffered so severely after their second engagement that it was necessary to send them to quiet sectors, but on critical days they were again thrown in."

SEEK EXTENSION OF R. R. LINES INTO TEXARKANA

Texarkana, Texas, Oct. 14.—Extension of tracks of the Missouri Kansas & Texas and Frisco Railway lines into Texarkana is the new future is forecast by the enthusiasm shown at a meeting last night of the Board of Trade and members of the Texarkana Freight Bureau. The proposition of having the Frisco extend here from Ashdown, twenty miles north of here, and the Katy from Hughes or Daringfield was brought up and discussed at length.

The proposed movement is due to the activities of E. M. Glenon, new traffic manager of the Texarkana Freight Bureau. He was advised by the meeting to gather further information to be submitted at another conference to be held as early as possible.

MORE DEMANDS MADE OF GREEKS BY THE ALLIES

London, Oct. 14.—Numerous fresh demands of the Greek government have been made by Admiral du Pourcet, commander of the Anglo-French fleet, according to dispatches from Athens received here. Among other things asked by the Admiral in a complimentary note addressed to that government is control by the allies of the Greek police, the prohibition of Greek citizens from carrying arms, the stoppage of sending war munitions to Thessaly and the lifting of the embargo on the transportation of Thessalian wheat. The Greek Cabinet is considering the demands.

Officers and men of the allied fleet have taken charge of Greek ships at the port of Athens. No trouble resulted, though every precaution was taken in case resistance was offered.

Sherman Player Injured.

Sherman, Tex., Oct. 14.—Graham Pierce, sixteen-year-old son of the Rev. J. F. Pierce, pastor of Travis Street Methodist church in Sherman, is in a local hospital in a precarious condition. Last Wednesday afternoon while at practice with the Sherman High School football team, of which he is a member, he ran into Lee Jones, another player, striking his head on the latter's knee. Nothing was thought of it at the time, as young Pierce stayed in the practice game. Soon after returning home, however, he lapsed into unconsciousness and has since suffered concussion of the brain.

GERMANY TOLD SUB COMMANDERS TO KEEP PROMISE

The Hague, Oct. 14.—In a note to the Dutch government the German government said all submarine commanders were given implicit instructions to follow the promises given the United States and that it was improbable that any commander told the captain of the steamer Bismarck that he would sink any ship headed for an enemy port.

STOWAWAY TALKS HIS WAY ACROSS

New York, Oct. 13.—Four days out from Gibraltar, Captain Fabio Figari of the San Guglielmo, of the Sicula Americana line, which arrived last week, saw a man in the bow of the ship looking Columbus-like toward the American shore.

"How is it I have not seen you before?" asked the captain.

"I had occasion to remain under hatches until now," replied the man. "You see," he added, "I have just \$80. I shall need all of that when I get to America. I couldn't afford to spend any of it for a ticket. I am sure you will not take it amiss."

Such a stowaway had never been seen before aboard the San Guglielmo. Captain Figari said the man talked and acted like a philosopher. "What are you going to do in America?" asked the captain.

"I am a merchant," was the reply. "In Rome I used to make my living by selling oranges from a pushcart. Very little sufficed to keep me alive. My leisure I devoted to study and to observation of mankind. Man is a very interesting study."

Captain Figari's duties called him away from the stowaway at this point. He allowed him to work the rest of the way over by doing chores in the kitchen.

BARS TOBACCO USERS FROM TEACHING JOBS IN KANSAS

Beldwin, Kan., Oct. 14.—"The young man who uses tobacco in any form at Baker University cannot teach the schools of Kansas," is the decree Miss Lillian Scott, formerly head of the Kansas State Teachers' Association, now chairman of the appointments committee, has issued. "I will not recommend a young man for a teaching position who smokes," declared Miss Scott. "I am going to take drastic steps in my campaign against this habit."

GOD'S LAW IS NOT LIKE THAT OF MAN

Is God's law higher than man's law? or is it not greater than man's law? If mankind is to be saved from sin and redeemed in this life on earth and eternity beyond the grave, it must and can only be done by the divine and spiritual grace of love from Christ manifested in the daily walks and lives of Christians who represent him on earth. Did any man or woman ever see an man or woman reformed and regenerated from sin by man's law? No, a thousand times, no. It is against the law to steal; they keep stealing, don't they? It's against man's law to murder; they keep murdering people, don't they? It's against man's law to rob people, but they keep it up, don't they? It's against man's law to commit perjury, but they keep it up, don't they? It's against man's law to conspire together, to injure and take property from him, they still do it, don't they? It's against man's law to slander another person and injure them, they keep busy at it don't they? Why don't man's law stop it? It's against man's law to get drunk, but they still get drunk, don't they? Now come to God's side of God's law of love and see what he does for the world and mankind, high and low, rich and poor, sick and well, the cursed and abused and abandoned and the fallen and disgraced in every walk of life. God's law of love is a law of construction to build up and help; man's law is a law of destruction to tear down and ruin. How many thousands of men and women, reformed drunkards, fallen women, fallen and disgraced men, abandoned men and women, have been redeemed and reformed by divine grace and love of God. Men and women who have fallen below the pale of hope and forgiveness and redemption by man's law, are being daily regenerated, started anew. In life again by the love and strength of God's divine law of love, and making useful men and women again in

life, all by the divine law of love.

"Do unto others as you would have them do unto you." Treat all men and women in all walks of life honestly and fairly and kindly on earth, we would not have fallen women and men to deal with. If Christ was to visit the world in flesh like he was 2000 years ago and was to come to Paris, Texas on a visit to stay all night? Would it be at the home of society's fine palatial homes or at some of your fine hotels? No. Your honest conscience tells you, no. You know the Christ of meekness and love would not be welcome to stop with you. If Christ was to come and snub the poor and turned his back on the sick and down and out and the fallen and ruined, why then society would welcome him with open arms, but Christ does not come and do that way, in all probability he would seek the home of some poor unfortunate home of sickness and distress where the modern reacher would scorn to visit, where he last crust of meal and crust of oil had been used. He would wipe from the faces of that poor family every trace of hunger and disgrace with magic power of love and grace, and help them; he would comfort that home of sorrow with sunshine and happiness and health. Or he might seek out some poor outcast man who had no friends and no money, that society had turned its back on, and no one loved and would take him by the hand and say to him, I love you, I have confidence in you, love me and follow me, I have a place of redeemed honor for you, here is a better life for you on this earth and an eternal home in glory; rise by the grace of my love and forgiveness and be a man. You would see the expression of haggard despair go from that lonely unloved face and the look of a true and determined new manhood set in, regenerated by God's love to start life over into a useful and honorable man. Or he might hunt up some abandoned and unloved and unloved drunkard who had lost every friend and lost the respect and confidence of every human being, wandering with no home. He would take that poor drunkard by his trembling and soiled hands and look into his blood-shot eyes and say I love you; I died on the cross to save you; you have a soul to save; I want you to go with me, I will cure that terrible demon taste for drink if you will love and follow me, I will give you a home on earth and good clothes and friends and an eternal home in glory beyond the grave.

What the matter is today with the average Christian is that he wants to stand out in the highway and say, "Look who I am; I have no sins." He wants to discipline the other fellow and bring him to law and never discipline himself. There are lots of so-called Christians going around praying for lost men who are not as near to God as the fellow he is praying for; they are too busy trying to manage the other fellow's affairs of life, and discipline the other fellow, while he himself is going to hell ahead of the other fellow he is

working on.

There is only one way to reform men and that is by love and kindness. I have got more confidence in the final salvation of the worst drunkard or the lost and fallen men into the very lowest pits of sin and shame, than I have in one of those gentlemen Christian fault-finders who says he has no sins and never did wrong. He does not love anything in the world but himself; he can always see the faults of others and can never see his own faults. May God have mercy on that class of Christian people. That class of men are doing more to retard christianity than all the vices of the world put together. I would rather have the prayer and christian love of some truly consecrated humble man that has not got a roof over his head, to go out and fight God's battle than an army of those self-satisfied Christians who stand out and blow their own horn for the sake of making himself a political name or to draw attention, not to save men but for personal self aggrandisement. He is not living unto God but unto his selfish self and his personal interest.

There is but one way to heaven. That road is this: "Do unto others as you would have them do unto you," and the first of the ten commandments, "Thou shalt have no other gods before me." That is the road and the only road to heaven.

R. P. Lewis.

Paris Commercial College Moved.

The Paris Commercial College has moved into its new building, especially planned and built for the school, on the corner of Houston and Church streets. No better location could be found, and the arrangement is ideal.

The school lost its entire furniture and equipment in the fire of March 21st. The new equipment, however, is of the most modern type, and with the few additions that will arrive in the next few days, the school will be better equipped than ever before.

Few people realize the importance to the city of this institution. It will pay any citizen of Paris to call at the new location and look through the school and witness the excellent work that is being done. The enrollment is rapidly increasing.

Women Weak, Run-Down

Finds Health in Simple Tonic.
People in Paris will begin to believe us when we say that our delicious Vinol is a wonderful tonic and strength creator.

Here is another case where it has proved its wonderful power to overcome weak, run-down, nervous, anaemic conditions.

"I was run-down, nervous, and could not do my work, and would often faint without any apparent cause. The doctor said I was anaemic but failed to help me. My husband brought home a bottle of Vinol and I began to improve after taking one bottle, and after taking four bottles it has built me up so I can do all my housework without help. I recommended Vinol to a neighbor, who says her doctor approves of it and said 'Vinol is a wonderfully good tonic.'" Mrs. Bessie Hering, West Philadelphia, Pa.

We recommend Vinol to our customers as the greatest strength creator we know of due to the beef and cod liver peptones, iron and manganese peptones and glycerophosphates, all contained in Vinol.

RU-BER-OLD

Roofing and Shingles

Best Roofing Material Known

Important

It is our desire to have the people of Paris, who are building, to think more about the roofs they are putting on, which is one of the most important parts of the building.

We are handling Ru-Ber-Old and can convince you, if you will give us the opportunity, that Ru-Ber-Old Roofing and Shingles are the best Roofing material that is known today.

The Standard Paint Company manufacture Solid Ru-Ber-Old Roofing, Slate Surface Roofing, Solid Ru-Ber-Old Shingles, as well as Slate Surface Shingles in Black, Green, Grey and Red.

Why will you put on a Gravel Roof, that will cost you more money, in preference to the Ru-Ber-Old Roofing that will out last and in case of leaks, easier and quicker to repair, cause you less trouble and it is backed up, not only with a guarantee from the Standard Paint Company for ten years, but by ourselves and we have been in your midst for forty-one years.

In buying a roof, you don't need Bonds, but a roof that won't leak. In the case of Bonds guaranteeing a roof, you have to write to Baltimore or some other Northern City, notifying the party that your roof is leaking and loose from four to eight weeks before same can be repaired.

We will put you on a three-ply Ru-Ber-Old Roof for \$5.00 per square, giving you a guarantee by the Standard Paint Company and ourselves for ten years, against leakage, on account of flaw in material or workmanship. If the roof should leak, we will repair same free of any charge whatsoever to you, in the period of ten years. Isn't this better than Bonds in Baltimore or a guarantee from some builder, who is here today and gone tomorrow.

You cannot find a Ru-Ber-Old Roof today in the city of Paris giving any trouble. We have been selling it now for nineteen years.

If you will take the time to come to our office, we will show you some cuts of beautiful buildings owned by the Pennsylvania Railway System and other parties that have been using for years and are using today Ru-Ber-Old Roofing. Not only that, we can bring you closer to home by showing you some of the largest buildings in our city that are covered with same and giving no trouble or causing any expense and they have a guarantee for ten years, which is always made good.

Nineteen years ago, one of our Best Systems put on a Ru-Ber-Old Roof, which is on their building today, causing no trouble. What better do you want?

Will it not pay you to see us? We will save you money and trouble.

MAY LOSE HAND FROM DISEASE HE HAS FOUGHT

New York, Oct. 14.—After nineteen years' study of the effect of the X-ray on cancerous growths, Dr. Francis Leroy Satterlee Jr., cousin of Bishop Henry Yates Satterlee of Washington and of Herbert L. Satterlee, the latter of whom is a brother-in-law of J. P. Morgan, may lose his right hand by the disease for which he hopes some day to find a cure.

Dr. Satterlee was one of the first persons to work on cancer with the X-ray. In 1897, before the effect of the ray on flesh was realized, he was badly burned during an operation. After rigorous treatment, they appeared to heal. Later they reopened and Dr. Satterlee underwent several skin-grafting operations.

Several days ago his hand pained him. Cancerous growths were found on one finger. It was removed at the upper joint. Then it was taken off completely. On Tuesday Dr. Satterlee will undergo an operation to determine if his hand must be taken off.

NEGRO EXODUS FROM SOUTH IS BEING CLOSELY WATCHED

Washington, Oct. 14.—Unprecedented migration of negro laborers from the south toward the north, where the war has resulted in scarcity of European immigrant laborers, has attracted the attention of the department of labor.

Reports are being received from northern labor organizations, who view the movement with disfavor, and from employers in the south, who regard it with some apprehension. Material is being preserved, which may be used later should the movement call for investigation.

WORE A COAT LINED WITH WHISKY POCKETS

While Motorcycle Officer Gus Cothran was hunting yesterday afternoon on West Austin street near the Texas Midland right of way for an unidentified negro on the charge of theft he passed a place which had an unenviable reputation among the officers, and going to investigate he entered a room just as a negro, John White, was putting some whisky in his pockets preparing to go out. He was wearing a regular bootlegging coat with rows of pockets one above another. The coat was concealed under a jumper and on being searched there were twelve pint bottles of whisky in the pockets. Officer Cothran took the negro to the court house and turned him over to the county. He was taken before the grand jury and was questioned, after which he was lodged in jail on a complaint for vagrancy.

NEGRO GETS AWAY WITH A WHITE MAN'S ALCOHOL

Yesterday a man from Oklahoma who had ordered a gallon and a half of alcohol, which was sent by express from Dallas to Paris, took it out of the express office and left it at a store until train time, expecting to carry it home with him. A negro rounder at the depot who saw him take the liquor out, followed him at a distance to the store and after the owner of the alcohol had temporarily deposited it and walked out the negro boldly went in and poured out a pint of it in a small bottle and left. The proprietor of the store didn't know but that it was his liquor and did not say anything.

A little later the negro came back and poured out another pint. The proprietor of the store becoming indignant told him that people would think he was making his place headquarters for bootlegging supplies if they saw him coming in and out and taking a part of the alcohol away at a time. He indignantly ordered the negro to take it all away at once if it was his, which the negro proceeded to do.

When the owner came after his alcohol and missed it an explanation followed and he telephoned for officers, who made a search for the negro, but never found him.

KEEPING THEM FROM OBTAINING WHISKY

W. R. Houston and J. C. Coffee, special agents of the United States government, who are temporarily located at Hugo, were in Paris yesterday on their way to Dallas. They have been stationed at Hugo looking after the affairs of the Choctaws during the Indian payment. Since tribal government has been abolished and they have become citizens of the country it is generally understood that they have ceased to be wards of the nation, but Uncle Sam still exercises a watchful care over them to see that they are not robbed and fleeced. Officer Houston has made several trips to Paris since the Indian payment began to see that Choctaws do not get whisky express packages, and he has followed them to Dallas and has had saloon men arrested for selling whisky to them.

UNWILLING WITNESS TAKEN BACK TO ANTLERS

Sheriff Wilson of Antlers, Ok., passed through Paris at 1 o'clock yesterday morning on the Frisco passenger train en route to his home from Dallas with a young man who was wanted as the star witness in the trial of a case. On last Thursday afternoon while the young man was waiting to be called to the witness stand a train came along and the witness made a rush out of the courthouse and boarded it. He didn't want to testify in the case and was trying to get out of the way. As soon as the Pushmataha county sheriff discovered that the witness had skipped he telephoned here to Sheriff Linn to be on the lookout and intercept him. The young man did not stop here and he was not found on the train, but he was subsequently located in Dallas.

GRAND JURY RETURNS MORE FELONY BILLS

The grand jury returned seven additional bills of indictment yesterday afternoon, which makes twenty-one in all during the week, and it took a recess until tomorrow morning. The parties against whom the last bills were returned, who are in jail or under bond, are Charles Jones, pursuing the business and occupation of selling whisky; Clifton Bolden, burglary; Kelso Holloway, Walter Williams Sam Marshall and Buck Downing, selling whisky. The bond of Clifford Chesney, charged with robbery with firearms, was fixed at \$1500 through habeas corpus proceedings and the bond of Willis Bowman, charged with murder, was fixed at \$1,000. A number of divorces were granted during the day, all of the parties being negroes.

ELOPING COUPLE WERE MARRIED AT MADILL, OK.

The News contained an item a few days ago giving an account of the obstacles a young couple, both of whom were under age, encountered in obtaining a marriage license. The young man was from Whitewright and the girl from near Randolph, Fannin county. When they eloped during the night they stayed all night with the groom's sister and went to Cooper the next day in a buggy. Failing to get a license there they left the buggy at a stable and took the train to Paris. Being unsuccessful here, it was reported that they went to Sherman, but the Cooper Review states that they went to Madill, Ok., where they were married. After getting married they returned to Cooper to get their horse and buggy and found both of their brothers at Cooper awaiting their arrival. The girl was the daughter of Rev. Mr. Fincher, a Baptist minister.

A FISHBONE WOUND CAUSES BLOOD-POISON

W. M. Christopher, who was employed at a meat market, has been troubled for the past six weeks from blood poison, which was caused by the fin of a fish sticking in his thumb while he was putting it in a tin box. He suffered a great deal of pain and had to have the hand lanced on account of inflammation. Two weeks of the time that he has been laid off it was feared that his arm would have to be amputated. He is now able to be up, but has not recovered entirely yet from the effects of the blood-poison.

Starling Christopher, the son of W. M. Christopher, has also been suffering from blood-poison in both of his hands. While at work removing dirt for the basement of a new building both of his hands became bruised and swollen, and they had to be lanced. After being lanced they became infected in some way and he has not been able to use them in ten days.

QUIET HOME WEDDING ON WEST CHERRY STREET

S. J. Delafield of Mt. Pleasant and Miss Florence Cass of Paris were married at 1 o'clock yesterday afternoon at the home of the bride's parents on West Cherry street, Rev. W. B. Kendall performing the ceremony. The wedding was a quiet home affair, only the relatives and a few close friends of the family being present. After the ceremony the couple left for Dallas to spend a few days at the fair. They will then go to Mt. Pleasant, their future home. The bride, who has lived in Paris all her life, is the eldest daughter of Mr. and Mrs. W. W. Cass and is a very handsome and popular young lady. For the past five years she has been employed at Crook-Record's as corsetiere. The groom, who is the son of Dr. J. S. Delafield, a prominent citizen of Mt. Pleasant, made his home in Paris for awhile and was employed at Thompson & Lattimore's. It was while he was living here that he became acquainted with the bride. He is at present engaged in business for himself at Mt. Pleasant.

On Thursday last, Mrs. Clark Estes entertained six guests at luncheon in honor of Miss Mayer, the bride-elect. The table was beautifully decorated with sunburst roses, and a general color scheme of yellow and white was carried out. Tiny cupids were used as favors, and the place cards were pictures of a bride clipping Love's wings.

NO THEATERGOING FOR CHICAGO PRIESTS

New York, Oct. 14.—News has come from Chicago that, supplementing the ban on dancing issued by the papal authorities at Rome, Archbishop Mundelein, the newly appointed head of the Chicago archdiocese, auxiliary bishop of Brooklyn, has given out an order prohibiting the priests under his jurisdiction from attending the theater. Inquiry at the Cathedral last night, says the World, disclosed the fact that this rule is only a diocesan regulation, which, if enforced, would only apply to the New York archdiocese. In fact, it is only the enforcement in Chicago of the general law laid down by the Council of Baltimore in 1886 for the United States forbidding priests to attend theaters.

Cardinal Farley at the last synod held two years ago in New York called the clergy's attention to this law on the church's statute books.

"It is decreed that our priests must never be present at horse racing or public theaters and likewise at spectacles known as operas."

This rule, however, in the archdiocese of New York has only taken the form of a recommendation and has not been enforced under pain of

ecclesiastical censure, and it is not expected by the clergy that Cardinal Farley will give any further attention to the matter.

In stating his reason for the special ban on theater-going, the Chicago archbishop said:

"The tendency of the theater is downward. The priests have enough to do in caring for their parishes, and it is not much of a sacrifice for them to give up all attendance on the theater."

"For instance," declared the bishop, "I am well acquainted with the author of one of the popular plays shown in Chicago theater this

season, and I could have had the whole theater to myself had I chosen to go. But if I had gone out of friendship for the author Catholics would have said: "The archbishop goes to the theater," and theatergoers would have been given full authority. The priests have the same kind of influence."

MURDERED BEHIND WALLS OF PRISON

Muskogee, Oct. 14.—News of a murder within the walls of the state penitentiary at McAlester several weeks ago leaked out yesterday. Max Whitehead, serving a five-year sentence for horse stealing, stabbed and almost instantly killed Charlie Hoffman, a negro from Okmulgee county, charged with grand larceny. Whitehead is confined in a solitary cell, but no steps have been taken to bring Whitehead to trial for the murder.

Whitehead was sent to McAlester from Muskogee about six months ago. He was arrested in Pittsburg, Kan., at the request of local police officers who believed he had committed highway robbery here. When brought back to stand trial Whitehead was dismissed because of the star witness against him enlisting in the army. He was released from jail, spent the night in Muskogee, went to Warner early the next morning, stole a horse and buggy and was rearrested before the end of the day. He pleaded guilty and was sentenced to serve five years.

While in the county jail here awaiting his removal to McAlester Whitehead became one of the ring-leaders with Paul and Ida Hadley in an attempt to break jail. The plan failed and the conspirators were separated, some of them, including Whitehead, being sent to McAlester, and the others confined to solitary cells.

The day before the murder at the penitentiary, Whitehead, who quickly gained the reputation of being one of the worst men within the prison walls, got into a fight with Hoffman, while both were working on one of the state farms outside the walls. The negro attempted to hit the white prisoner with a rock, but the guards intervened. The next morning Whitehead did not go with the rest of the gang, pleading illness.

At the midday meal he stole one of the table knives, went to a stone in the prison yard and sharpened it to a razor edge. Shortly before the time for the farm prisoners to return he stationed himself at the big gate. As Hoffman stepped inside Whitehead sprang upon him and plunged the knife into the negro's breast. Hoffman died almost instantly.

Whitehead declares he is only 19 years old, but officers believe he is at least 23.

Only the business district and vicinity of the plaza were visited, but by an inspection and score every month the league hopes later to carry this work to every place where food stuff is sold. However, no inspection was made, nor will ever be made by the league, where there is the slightest objection by the proprietor.

The league felt very fortunate to have Miss Cunningham, the city inspector of Sherman, to assist the committee on inspection, and her experience, advice and suggestions in scoring were most valuable to the league.

For a score of any of the mentioned merchants any one may telephone No. 5, Mrs. Robt. Hurt; No. 1551, Mrs. W. N. Furey; No. 1360, Mrs. Chas. Broad; No. 1255, Mrs. W. B. Conner. The score will also be read at a meeting of the league, Thursday morning.

For a score of 85 or over a banner of honor was placed in the window. Look out for this blue flag, the stamp of cleanliness of the New Paris Civic League.

Money In Bunches

To loan on improved farms and land notes, around 8 per cent per annum, depends on amount of loan. We pay over the spot cash moment title is approved. No expense except recording fee. We save the farmers, who are the "backbone" of this county from 1 per cent to 2 per cent per annum on farm loans. See us before accepting high-rate interest loans, which is a thing of the past. We have a special abstractor and will save you fully 25 per cent on abstracts.

TO END HIGH PRICES AT WORLD'S SERIES GAMES, SAYS BAN JOHNSON

New York, Oct. 14.—Exorbitant prices for admission to future world's series baseball games will not be tolerated, declares B. B. Johnson, president of the American League.

"The world's series as conducted at present," said Mr. Johnson before leaving yesterday for Chicago, "threatens to jeopardize the fair name of the game in public opinion. We can never stand for that. Baseball is clean; it must be kept clean. Year by year prices have advanced until now the world's series has assumed a mercenary character which was never intended and should never be tolerated. There is some housecleaning to be done and it's going to start where the most dust of discontent has gathered.

"I have talked with my colleagues of the American League and I think they fully appreciate my point. I think I can safely promise fandom on behalf of the American League that a scale of prices more just to the purse of the great general public which supports the game, will prevail in future.

"Far better no world's series at all than that fandom should be plucked. The man who sits day by day through the championship race should not be crowded out of his point of vantage when the greater championship arises just because some one of greater financial ability is willing to pay the increase.

"The world's series must again be made the institution of the real supporter of the game, not a silk stocking event; and it must be done right away.

"If there remain among the club owners any who place the financial returns above sportsmanship they will have to get out."
